Design & Quality

The natural character is best expressed in Flowtop's latest tap models. All this comes with a collection of pieces with smooth and slender lines which are likely to create a buzz in the bathroom through an indissoluble link between water and element.

Flowtop is built on the platform of highest quality standard, aesthetics and with the intent of providing world class products.

Today we are leader in the bath fitting category that has transformed the industry from merely utilitarian to inspirational.

Our innovation, commitment and performance have been our corephilosophy. We have created presence through continuous R&D in design.

The result is a range of ergonomic taps, which draw inspiration from nature and are based on the most innovative and effective technology.
